Our January 1st Freeze Fly was a great success. There are pictures posted on the website at www.flyingaeros.com. Check them out. Thanks to everyone who helped make this a success.

I'd like to get the For Sale page updated. If you have items listed out there and they are no longer available, please let me know. Any item on this page that I don't receive confirmation of, will be deleted as of February 1st. And if you have items for sales, pass them along. I will get them posted.

910th Airlift Wing at Youngstown Air Reserve Station is working with the Youngstown Air Base Community Council to bring you "Thunder over the Valley" air show to be held on May 17 – 18, 2014. Here is the link; please check the link from time to time for updated information. There will be no flying permitted at our club field during these 2 days.

Because of the air show, we have officially moved our May Electric Fly-In to Sunday, June 1, 2014. This date has been confirmed with the AMA.

At our March and April meetings, we will finalize plans for the June 1st Electric Fly-in. Doug and Dan will share duties of CD. We will need volunteers to work at the gate collecting donations (let's try to get a few people so that everyone can fly, too), cook, help setup the tent and tables, help clean up the field and clubhouse in May and help us distribute flyers around the communities. We'd appreciate your help. If you are unable to make the meeting but want to volunteer, contact any club officer.

We lost a member of our club recently; Ted November passed away. For those of you who may have missed it, here is a link to the obituary. Our thoughts and prayers go out to his family.

Just a reminder that 2014 club dues of $ 25 need to be paid by February 28, 2014 to avoid the late fee of $15. If you've already paid your dues, we thank you. If you have not paid them, please mail your dues to **Dan Mackiewicz, 2816 Timbercreek N., Cortland, OH 44410.** If you would like your receipt returned to you via mail, please include a self-addressed stamped envelope. Otherwise, Dan will give you your receipt at the March meeting at the Cortland Post Office or when he sees you.

Also, a reminder to be sure and renew your AMA membership prior to flying in 2014.

Attached is an updated club roster. The last one was missing a couple of members. We now have a total of 82 active members.

That is all we have for now. Happy Building this winter! Stay warm…
