Unfinished Business 7 members (Dan M., Roger V., Dave R., John M., Keith A. Cliff, and Mario) came early prior to this meeting and poured cement into many of the holes in the field in conjunction with spreading top soil on the low areas. Thanks to Brian E. for getting the

topsoil delivery setup. We used 400 pounds of cement to plug the holes in the field and parking area. Seven yards of topsoil was spread over the cemented holes and the low spots. Despite unseasonably cold weather, everything was completed and the monthly FAA Meeting started on time. Special thanks to Dan M.'s daughter and son-in-law, who are not members, for helping to spread the dirt.

Motion made by Mario to adjourn; seconded by Keith; meeting adjourned.

Our next meeting will be Wednesday, May 9th at Club Field. Just a reminder to be sure your AMA is current prior to flying at the club field. Thank you.

We strongly encourage everyone to bring building ideas, safety tips, and show-and-tell items to the meetings. It will help make our club a more valuable resource to all members, new and old. It also makes our meetings more enjoyable.

Note from the Secretary: I sincerely appreciate the officers covering for me during meetings this year. I am traveling extensively with my job right now and unable to make most meetings.

I appreciate the opportunity to continue serving as secretary under these circumstances.
