Unfinished Business The club voted and approved Night Flying with the following rules: **1.** Fly only until 11:00 p.m., **2.** No gas models after dark; only slow fly electrics, **3.** No loud electric aircraft like ducted fan models or strykers.

New Business Wednesday, October 10, 2012 was chosen as the picnic date for the club. We will start at 4:30 p.m. and run until the monthly meeting begins at 7:00 p.m. In the event of rain, the picnic will be Saturday, October 13th starting at 12:00 noon. All members are encouraged to attend.

Nominations of club officers – the group decided to nominate the same officers as those currently holding the offices today. Voting will take place at October meeting.

Swap Meet – it was decided to have a swap meet at the October 10th picnic. Those members who wish to sell their RC equipment can bring it to the picnic. No provisions will be available for those selling and it is suggested to either sell from their vehicles or bring their own tables to display their items.

Doug Hannas suggested the club set up teams for competing in a mini pylon electric RC plane racing. This item will be discussed in subsequent meetings.

Cutting trees down to retrieve lost planes is discouraged by the club since we do not own the property. The club house has poles that can be used to dislodge the planes in trees.

Two new members were voted into the club; Roger Hatch and Darrel McCauley. Welcome to the club!
