President: It's been a good year. The field ended up in pretty good shape.

Vice Pres.: There is an event at the IX center this weekend; will send details in email.

Secretary: Nothing

Treasurer: Electricity will be turned off when the members of the club agree we are ready; it kind of depends on the weather. We will re-evaluate at the November meeting.

Field Marshall: A few holes have cropped up that we'll need to fill, but all in all, field is in good shape.

Safety: Nothing.

Unfinished Business Current officers were all nominated at September meeting. No new nominations were made. Motion made by Cliff to vote in existing officers for the 2013 season, seconded by John M.; motion carried unanimously.

We will begin having our meetings at the Cortland Post Office in November. Dave Rock

will contact the Post Office and reserve the night, and Ray R. will pick up the key.

New Business Motion made by John T. and seconded by Joe R. to have a Freeze Fly on January 1st at noon. We'll bring heaters and hopefully the weather will cooperate!!

2013 Events – suggested dates for the Electric Fly In are May 12, 19, or 26th. The 26th is too close to Memorial Day, so we are shooting for May 19th; will solidify at November meeting. Suggested date for the Fun Fly is August 4th. Trumbull County Fair is July 9th through 14th, so there will be no flying during this time.

Winter Swap Shop – Trumbull County Fair Board wants \$200 to use their building, which seems very steep. Joe R. will check the Steelworkers Union Hall on Park Avenue to see if it is more reasonable and the availability.

Show and Tell Dave brought 2 planes; a start of the pylon plane, and a 1/12 scale combat plane; a P51 profile plane that is made from a bit thicker profile to allow for electronics to be housed inside the profile. Also had a KF2 wing. Very cool....we will send along the link to the build for this plane.

Here is a link to a page with lots of combat planes and rules:
